8	96	3	6	12

Play

Each turn, a player may do one of the following actions:

- Recon: Look at a token affiliation. Look at the face of a token without showing the other players
- Turn Asset: Change the affiliation of a token. Swap any token on the board (without looking at the face beforehand) with another token from the player set.
- Move Asset: Move a token to an adjacent space on the board.
- Assassinate: Have a token on the board target an adjacent token on the board; remove the targeted token from the board.

End Conditions

One token is left on the board.

The player matching the affiliation of the last remaining token on the board wins.
