ABOMINABLE SNOWMAN

Shake It Off: When this Hero spends a Princess Coin to return to play, it shapeshifts into its original form.

Fixed Form: A shapeshift with Fixed Form may not shapeshift into its original form during its upkeep.

Immobilized: A model affected by Immobilized may not move during its next activation.

Stealth: Actions targeting a model with Stealth reduce their Range by 3, to a minimum of 1.

Unpredictable: At the end of its activation, a model with Unpredictable must roll 1. If it rolls no stars, the model must move three squares towards the closest other Hero and make a basic melee attack against it.
